

NATIONAL COMPANY ADMINISTRATION OF NAVIGABLE CANALS S.H.

Notice to Skippers

Available from 10.01.2017

Skippers are informed that:

On the Danube Black Sea Canal the navigation is permitted under winter conditions: broken ice on the entire stretch.

- In those conditions the length of the convoys will be max. 220 m and 11 m width .

The entire ports area for Murfatlar, Medgidia and Luminita ports were closed for manouvre and operations due to ice phenomena .

The navigation on the Poarta Alba Midia Navodari canal is closed due to light solid ice coating, thickness 10 -15 cm, on the entire canal.

Failure to observe the provisions of the present Notice to Skipper entails administrative, disciplinary or penal responsibility, as the case may be.
